

89-1

889 Cultivator / Lister

The logo for BIGHAM, featuring a stylized green leaf icon to the left of the word "BIGHAM" in a bold, black, sans-serif font.

Combination of cultivating and bedding capabilities in one package

Cultivator

Win the weed battle with the Bigham Model 889 Cultivator! Highly adjustable for early-to-late season cultivation and weed control

Culti-Lister

Configuration for bed forming. Convertible to cultivation, weed control. Forms rows with a variety of bedding tool options. Parallel linkage allows bedding in varying conditions in the same field.

- Advanced engineering design results in stronger and lighter model
- An economical Single Bar option is available to ease lifting and working in close radius situations
